## Lecture 7 – COMP 304 Handout by Didem Unat

What is the average response time for non-preemptive priority scheduling?

## 2) Round robin scheduling with time quantum = 20

<u>Process</u>	<u>Burst Time</u>
$P_1$	53
$P_2$	17
$P_3$	68
$P_4$	24

- What is the Gantt Chart for **RR** schedule?
- What is the average response time?

• If time quantum is 50 and overhead is 10, what is the average response time?
